## **Our Mission**

Education is the apprenticeship of life. Being a DAV institution, our prime mission is to produce self – reliant and self – sufficing students who are able to give to the world a new light with new learning.

- \* To impart quality, scientific and value-based education.
- \* To enable our students to grow into aesthetically rich, intellectually aware and spiritually integrated aware and spiritually integrated persons who are sensitive to the environment, responsive to social issues and able to fulfil their dreams and aspirations.
- \* To bring out the full potential of the students by enabling them to discriminate between right and wrong.
- \* To train our students into technologically fluent luminous beings so that they become global citizens with cosmopolitan vision.
- \* To cultivate a sense of belongingness in our students is our key concern.
